Please enquire whether these telegraph lines are required by the Mysore Darbar. If so please report without delay probable cost. The line should only be a flying one of 300 lbs. iron wire carried on swan necked stalks attached to trees or bullies which the Mysore Darbar should be asked to supply. The expenditure in connection with the visit would naturally be borne by the Mysore Government. Last year they declined to have the lines under these conditions for the Prince of Wales ~~of~~ visit.

To

The Secretary to the

Resident in Mysore.

Sir,

With reference to your memo No.7923/107-1923 of the 4th instant enclosing a copy of the memo No.755/3 dated the 3rd idem from the Divisional Engineer of Telegraphs, Bangalore, in the matter of opening telegraph offices in Heggadadevankote and Karapur in connection with the forthcoming Viceregal visit, I am directed to state that His Highness' Govt. are unable to agree to the suggestion that the cost of extending the telegraph line to Karapur should be met by them, and all that they can provide is the necessary accommodation for office and staff. The opening of an office at Karapur is not so essential for the purposes of the Mysore Govt and the provision of telegraph facilities is not a matter within the province of this Government. If an office is required at Karapur for the purpose of the Imperial Govt. during the stay of H.E. the Viceroy there, the cost has to be borne by the Telegraph Deptt. If it is decided to extend the line to Karapur during the Viceregal visit it would meet the ~~xxxxxxxxxxxxxxxxxx~~ concurrence of this Govt. if offices are opened at Heggadadevankote and Karapur from an early a date as possible.

I have, etc.,

SIR,

Subject:- Tour of His Excellency the Viceroy and Governor-General.

I have the honour to request the favour of your kindly letting me know at your earliest convenience whether the Mysore Government will be so good as to detail mounted orderlies to attend at the Central Post and Telegraph Office at Mysore to convey telegrams for His Excellency the Viceroy and party to and from the Government House where His Excellency takes up his residence during his stay at Mysore. This arrangement will do away with the necessity of issuing permit cards to a number of telegraph peons. It should be sufficient to arrange for two orderlies to be on duty at a time throughout the 24 hours one at the Post and Telegraph Office and the other at the Government House.

2. I may also request you kindly to intimate whether your Government will provide a furnished tent or suitable building for the location of the camp booking office which it is proposed to open at the Government House and also accommodation and food for the Telegraph staff

staff including menials who will be deputed to work there.

CITY Y.M.C.A.- The City Association stands on a site about 5 acres in extent which was granted free of cost by the Mysore Government. The foundation stone of the building was laid by His Highness the Maharaja in August 1912. The atheletic grounds include foot-ball and cricket fields, and tennis, volley-ball and basket-ball courts. The building is within easy reach of the principal educational institutions and the Public offices. In the building there are a library, games rooms, a hostel for students and others and a good auditorium which is availed of largely for public lectures and social functions.
